

LEGENDA	Centrale incalzire aer conditionat cu automatizare proprie si placa de comunicatie Modbus RS485 Air handling unit equipped with own automation and Modbus RS485 communication board	
	Generatoare de energie termica cu placa de comunicatie Modbus RS485 Thermal energy meter equipped with Modbus RS485 communication board	
Contor energie termica echipat cu comunicatie M-Bus Thermal energy meter equipped with M-Bus RS485 communication	Contor de energie termica echipat cu comunicatie M-Bus Thermal energy meter equipped with M-Bus RS485 communication	
	Comunicatie M-Bus - VRSY 2x20x8 (Se va cabla sub forma de bus - din echipament in echipament) (It will be cabled as a bus communication - from equipment to equipment)	
Comunicatie M-Bus - VRSY 2x20x8 (Se va cabla sub forma de bus - din echipament in echipament) (It will be cabled as a bus communication - from equipment to equipment)	Comunicatie M-Bus - VRSY 2x20x8 (Se va cabla sub forma de bus - din echipament in echipament) (It will be cabled as a bus communication - from equipment to equipment)	
	Comunicatie M-Bus - VRSY 2x20x8 (Se va cabla sub forma de bus - din echipament in echipament) (It will be cabled as a bus communication - from equipment to equipment)	
Comunicatie M-Bus - VRSY 2x20x8 (Se va cabla sub forma de bus - din echipament in echipament) (It will be cabled as a bus communication - from equipment to equipment)	Comunicatie M-Bus - VRSY 2x20x8 (Se va cabla sub forma de bus - din echipament in echipament) (It will be cabled as a bus communication - from equipment to equipment)	
	Comunicatie M-Bus - VRSY 2x20x8 (Se va cabla sub forma de bus - din echipament in echipament) (It will be cabled as a bus communication - from equipment to equipment)	
Comunicatie M-Bus - VRSY 2x20x8 (Se va cabla sub forma de bus - din echipament in echipament) (It will be cabled as a bus communication - from equipment to equipment)	Comunicatie M-Bus - VRSY 2x20x8 (Se va cabla sub forma de bus - din echipament in echipament) (It will be cabled as a bus communication - from equipment to equipment)	
	Comunicatie M-Bus - VRSY 2x20x8 (Se va cabla sub forma de bus - din echipament in echipament) (It will be cabled as a bus communication - from equipment to equipment)	

CATEGORIA DE IMPORTANTA
CLASA DE IMPORTANTA
GRAD DE REZISTENTA LA FOC
RISC DE INCENDIU

- A (art. H.G. NR. 786-1997)
- I (art. Normativ P100-06)
- II (art. Normativ P118-1999)
- MIC (art. Normativ P118-1999)
